Bartender and food server at Croatian Island and city Pag

Burin d.o.o - Pag

2016 to 2017

Preparing various types of hot and cold beverages like hot chocolate, milkshakes, cappuccino, or frappe, and then I had to run behind cocktails bar to mix various cocktails, often in the same order, while I am waiting for food to be done, so I can serve it.

Owner/Manager

City Pub Leglo - Bihać

January 2012 to 2014

After a few months of the campaign that preceded the opening, suffice it to say that twice as many people were left at the door than there was room in the bar. I conducted a survey that revealed an empty space in the local food and beverage industry and when we did a promotional campaign based on that data and adjusted the bar itself to the survey results, the reward was extremely good bar occupancy. The digital imprint of this particular marketing is still present on the Internet and can be found at the following link.

Marketing & PR Manager

Radio station "Novi radio Bihać" - Bihać

2007 to 2012

As Marketing & PR Manager I was the leader of a small team of people who helped me to devise and implement a plan for the complete rebranding and promotion of the radio station. As a result, we were able to double the audience in just half a year using at the time, innovative methods of advertising through social media, which places me among the veterans of social media marketing.

Bartender at "Pub Čep

2004 to 2005

in Bihać where i collected experience working in place where we had a lot of highschool and university students on their short brakes so it was needed to serve many of them in short period, mostly coffee and cold beverages, which includes a big stress, because they are not really calm guests.

*2005-2007 Bartendering at "sport bar MICASA" what was totally different type of guests, usually older people and sportsmen, with big frequency of guests when we had sport events, what caused stress, but after previous bar this was not difficult for me.
